Application Deadline:

Applications will be continuously accepted on a first-come first-served, rolling basis.

Grants will be awarded until program funding is exhausted.

Selection Process:

Applications will be reviewed thoroughly for compliance with the application requirements.

Applicants will be notified of missing submittal materials if the application is found to be incomplete.

Other Requirements:

The Town of Truckee will provide the applicant signage for installation at the location of the station.

The applicant must install the signage when delivered. Applicant must agree to allow the Town to take and use photos of the installed station to promote the Town's grant program and waste reduction programs.

Requests for multiple installations by an entity will be considered on a case-by-case basis up to a maximum of 5 per applicant. Payment will be made after submitting proof of successful installation. Awarded funds may ONLY be used towards a water filling station purchase. Project installation must not have started prior to application approval.
